

# Visão Computacional

## Aula 25 – Calibração de Câmera

2019 – Engenharia

Andrew Kurauchi [<andrewtnk@insper.edu.br>](mailto:andrewtnk@insper.edu.br)

# Matriz de Câmera

Parâmetros intrínsecos:

Onde:

- distância focal em m
- distância focal em m
- componente de inclinação entre os eixos X e Y
- coordenada do centro da imagem (ponto principal)
- coordenada do centro da imagem (ponto principal)

Parâmetros extrínsecos: transformação que leva a câmera para a origem.
